

border+tec™ BO

Especially designed for balconies and terraces with protruding mortar bed installations, **BORDERTEC BO** angle profiles finish and protect exposed concrete edges. Leave a gap to allow for thermal expansion and contraction of the different materials; conceal the gap with an appropriate profile.

INSTALLATION INSTRUCTIONS:

- Select the profile according to the mortar bed thicknesses.
- Position the profile around the perimeter of the balcony or terrace simultaneously with the tile installation.

Example of external connection plus joining piece

BORDERTEC BO-A* Powder - Coated Aluminum

This profile is coated with polyester powder along its entire surface.

External Corner Joint: cod. BOE-A*

Connector: cod. BOG-A*

BORDERTEC BO-IL Polished Stainless Steel AISI 304 - DIN 1.4301

This stainless steel profile ensures high resistance to corrosion.

External Corner Joint: cod. BOE-IL

Connector: cod. BOG-IL
